Florida

Dear Doctor Post.

I receive the "News letter +
 "Aster" paper at the same time.
 It is a very happy feeling to
 realize that my alma mater
 has such a wonderful
 philanthropic endeavor.

As I read the captions,
 1st Lt. + 2nd Lt. ^{in the "news letter"} I feel funny
 in writing + not being in the
 same class as they. yet even
 as a "Buck Private" (with hopes
 of officer training) I feel that
 I am proud to serve my

country, no matter how small or how large my bank may be. My admiration for all my college friends, who are serving in the highest ranks & may they continue to advance & end this conflict in safety.

Regardless of what the ~~consequences~~ may be on being drafted you really have an opportunity in this Army. It clean living & wholesome ideals & I'm for it 100%.

Thanks again Doc Post for your kindness & also give my regards to Andy & Clarence & tell them to drop me a line. (Boy I'm sure far from home)

By the way ^{Plt. Sol Schultz} is here & sends his regards.

Sincerely

P.S. give my sincere regard to Dean C. F. Peterson & Pres. Werner & thank them for their kindness

Pt. Herman Adleson
