

SAN DIEGO STATE COLLEGE SERVICE MEN'S
NEWS LETTER NO. 4

Edited by Dr. Lauren C. Post
San Diego State College
San Diego, California
June 18, 1942

Dear Fellow Aztecs who are in the Armed Forces:

You know, I am an Aztec now! President Bob Menke and the rest had me initiated into the beautiful San Diego State College campus this afternoon, and oh yes! I met Montezuma.

You who are away would have been very happy if you could have heard all the nice things those who are still on the campus said about you---how many of you have gone and how well you are doing in the service of our country. Everyone is so proud of you!

I saw the News Letter and they said that they would send it to every one of you if they only knew where you were. I wish I could help with it as I think it is a grand idea.

My very best wishes to you, one and all,

Jane Russell

To and from the Aztecs who are in the service and their friends: page 2

The NEWS LETTER has grown in size and, we hope, in style and usefulness. It now has a circulation of 800, and it is going to all of continents, except Antarctica, and to all of the oceans. Of course the precise locations cannot be given, but we will learn more about it after the war is over.

The foreign mail has been coming in, mostly in response to News Letter No. 1. Thanks for all of the nice letters; we will continue to try to serve and to please. Ask us questions and give us suggestions.

A list of Aztec mothers and wives has been started, merely as a mailing list. It occurred to us that they, also, are fighting this war. Many of them have been of assistance in getting out the News Letter and for that, we thank them.

Dozens of people have volunteered to help, but Mrs. Holden and Miss King have been of greatest assistance in cutting the stencils for this issue. They especially deserve an expression of gratitude from all. I shall call upon about six or eight people to assist with the addressing, assembling, clipping, folding, etc., and that work will be greatly simplified.

We still have funds for No. 5 but don't expect it quite as early as this one appeared. This was my vacation week, and Monday I begin with Summer Session. But you will get a Summer Session edition of the Aztec. Then No. 5 will come out about the time Summer Session is over.

To all Aztecs:

Some copies of the News Letter will be on sale at the Bookstore. Get a copy for yourself and your friends and write a few letters.

L. C. P. (June 26, 1942)

Miscellaneous

The campus has not been as crowded as some of you remember it. The Quad was rather sparsely populated during the past semester. The Cafe likewise has been less crowded. No longer is one certain that it will be an athlete that will wait upon you. Jobs have been more plentiful than men, and girls are filling them more and more.

And that new building to the SW of the Little Theater is not a part of Consolidated. It is the new Music Building which was dedicated last month but which has been in use for most of the semester.

If the student body has been depleted, the faculty likewise, has dropped off. There is no telling what the size of either will be this fall, but we are planning on going on somewhat as usual.

Dr. Dotson, our registrar, is leaving State to be President of Long Beach Junior College. For ourselves, we are sorry, but for Long Beach we are glad.

From: Frank Graham: (Passed by the censor)

Dear Doctor Post: I was happy to receive your News Letter and to hear the whereabouts of so many of my former State College friends. I have been in the fleet for two years now and have lost contact with those fellows, but I now see that a good many of them are in the Navy flying service along with me. I would certainly like to hear from Clair Berdel, Bob Carr, Don Owens, Bill Baker, Sam Patella, and many others. Five of the fellows in my squadron have received Navy Crosses, and we are doing our part towards making the Japs feel that they have taken on more than they can handle. I hope to receive more News Letters and if there is anything I can do to help, don't hesitate to call on me. Sincerely,

Lt.(jg) Frank M. Graham,
Box 1296, Naval Air Station, Pearl Harbor, T.H.

(Frank, there is not a thing that we would let you do to help with the News Letter except write to us once in a while with as good news as you have just sent us. Long before you see this, I will have written to the boys down at Corpus - Carr, Berdel, etc., telling them to write you and we wish you continued success. Thanks a lot and we'll be seeing you some time soon. When this is over, we would really like to hear your story because we know it is O.K.)

From: 2nd Lt. Clarence A. Peterson, Austin Hall, Harvard Univ., Cambridge, Mass.

Dear Dr. Post: This course is not easy...we go to school ten hours a day for five days a week.... Tell Doc Moe this makes Freshman Physics look rather simple.and I'll be glad to finish here and get at that business that Earl Allison speaks-----holding a reunion over Tokyo. Give my regards to the boys of Alpha Phi Omega and to all the faculty....will send you the names of other Aztecs....and I hope I meet some..... Clarence A. Peterson...

From: Ensign Robert Wilbur, U.S.S. Mississippi, c/o Postmaster, San Francisco

Dear Dr. Post: Thanks.... read every word of it....etc.,etc. But I would like to know the whereabouts of Lt. Benjamin L. Parker...last reports he was in the Army Air Corps.... As for myself, I went through aviation training at Corpus Christi with Kitty Carr, Fitzek, and a few other fellows from State.....Thrills have been mine, but somehow I prefer the quiet existence. This landing a small seaplane alongside a ship in the open ocean gets very exciting at times. We have a 7-day week and a 24-hour job--- quite different from college....Just found there is another former State student aboard--Ensign Harvey Hall---- Give my best to Dr. Rogers Sincerely, Robert Wilbur, Ensign.

From: Mrs. Andrew Davias came a letter saying that her son is in the service and would like to get the News Letter. It has been mailed to him:

Cpl. James J. Tsacnaris, 210th General Hospital
Fort Aulick, Panama Canal Zone.

From: A/C Lionel Chase, 42 I, Barracks 1, Cadet Detachment, Army Air Force, Gardner Field, Calif.even discovered that one of the boys from State is right here with me..... I have about 20 hours in Basic and have the old digits crossed...

Sincerely, Lionel Chase

From: A/C Edward Searl, A.F.A.F.S., Luke Field, Arizona, Class 42-G

.....Here is one of the fellows you did not have: Jack MacCreery. He is a second Lt. instructing at Garner Field, Taft, Calif. Another Aztec is Richard Kenney who is now a Lt. in the Army Air Corps with the 83rd Pursuit Group, Mills Field, San Francisco. I know the fellows appreciate getting those News Letters.

Sincerely, Edward Searl

From: Ensign Page H. Tulloch, Welfare Office, Naval Air Station, San Diego.

4.

Dear Dr. Post: Thanks, etc., etc. Another address: George Worthington, Lt.j.g.
"F A T U" North Island, San Diego, Calif.Thanks again, Page Tulloch, Ensign.

From: Lt. Richard Kenney, 83rd Pursuit Group, Mills Field, San Francisco.

Dear Dr. Post: Thanks.... I have just been looking over your missing persons file and find that I know the address of Lt. Jack MacCreery, A.F.A.F.S. Gardner Field, Taft, Calif. He is a basic instructor. hope you will not have to stop sending the News Letter during the summer. I'm flying P 38's --- some fun. Sincerely, Richard Kenney.

From: S. Lawrence Burke, A/C Barracks 12--D 3--L.A.F.S., Lubbock, Texas.

Dear Doc: after two weeks I have just recovered from the rigors of Basic Training at Goodfellow Field..... It was a welcome surprise to get the News Letter and the Aztec, all of which make one realize how far away in both time and distance those hallowed halls of learning (or sleeping) are. I will get my commission on or about August 5th and then I'll either become an instructor or go to Bombardment School. I don't care which so long as I can get out of the torrid state of Texas..... Can you get hold of Harry Jeter's address for meLawrence Burke.

A/S

From: Robert E. Plaister, Sqdn 9, SAAAB, Santa Ana, California.

Dear Dr. Post: I have been receiving the News Letter with much pleasure and through it I have located many of my friends. I have been in heavy bombardment for about a year and a half but now I am actually going to take a crack at the actual flying of a plane. .. am an Aviation Student, which ultimately leads to Staff Sgt., Pilot, and expect to leave for Primary around June 23rd. Ran into another Aztec yesterday, John Gill, Sqdn 37, SAAAB, Santa Ana. He was in Oahu when the Japs struck.....Thanking you for the swell work, I remain, Robert Plaister.

From: A/C Donald L. Webber, AFBFS--- Co. D-2, 42-I, Minter Field, Calif.

Dear Doc Post: As the Army Air Force would say, "You were on the ball", when you put that column in the Aztec. There were three fellows that I was trying to get in touch with ever since I've been in the Air Corps. George Farina and Ted Bullock are here also and they were as much surprised as I was to hear from you. So until we meet again, Yours in appreciation, Donald L. Webber

From: Jack Frost (Former football player and baseball pitcher)

Dear Doc:You know those letters of yours are about the only way I can keep track of those tuys. I didn't know Johnny Peters had a dual personality (well, never mind).I guess you know that I graduated from Williams Field on May 21st, and a group of us were sent down here to Hendricks Field. We are training as co-pilots of B-17's.....I can't get used to getting up and walking around in them.... these babies have everything in them.... Jack Hayes is here instructing. He has been instructing and is now training here as a pilot. This is a combat crew training school and we will be here for a certain period of time and thenvia Japan, I hope. It's a little wet down here, Doc. We never worry about what day it is going to rain - just when. But weather doesn't stop these ships - when it rains down here you can still sweat just sitting around. I've been looking around for some of that coffee that spoons bounce out of down here but haven't found any yet. (Jack, it's in Louisiana that they make that stuff.) Tell everyone hello for me. So long for now, Jack Frost

From: Capt. Joseph A. Rodney, Btry "C", 251st C. A. (AA) A.P.O. 913, % Post Master,⁵
San Francisco. (Passed by censor)

Dear Dr. Post:

Imagine my surprise, when receiving the monthly mail, I found a letter addressed to me. This surprise was not enough and to top it off, when I opened the letter, I found your number one edition of the News letter. It was certainly fine. So many questions I have asked in vain were answered right off.

(Capt. Rodney's letter goes on to say that the money system in use where he is is not one in which they use dollars and cents.... also he said that the things he would have to tell, if and when the boys get back, will not be boring at least "on the first telling." We know that they won't and we all appreciate the stories now even though we can't ask for them. Joe sent the address of 2nd Lt. Robert Boughn whose address is the same except that he is in Battery "D". Thanks a lot for the first letter to come to the News Letter from any one in the 251st.)

From: Sgt. Alan Thomas, 691st Sig. A.W. Rept. Co. A.P.O. 937, % Post Master,
Seattle, Wash.

Dear Dr. Post: (passed by censor)

.....and I look forward to receiving every issue. I have been moving around a good deal but all my mail reaches me.

Please bear with us if our letters are short and dull. Men in foreign service are not allowed to say anything about anything and that makes letter-writing hard. I can, however, assure you that we all look forward constantly to the day when we will emerge from our foxholes and return to our sunny homeland and to State's beloved campus.

Please extend my greetings to my former schoolmates and profs.

From: A/C J. R. Gabrielson, Naval Air Station, Corpus Christi, Texas

Dear Dr. Post:

Although I have never had any of your classes, I was certainly glad to hear from you through your News Letter. I was interested in seeing that there were quite a few fellows here from S.D.S.C. but as yet I know only one of them, Bob Chamberlain. I am several months ahead of him so I don't get to see him very often.

It surprised me that Bob Owens is flying for the army. We took Primary C.A.A. together at Madson Airport and I thought for sure that he was a Navy man too. I am afraid that he realizes his mistake now--- but he can do nothing about it. This Naval Air Corps is really great stuff. I am about half through my advanced which I am taking in fighters and expect to graduate about the middle of July. In all probability I'll be sent from here to San Diego, then ????

I'm anxious to get back to California. One thing about Texas is that it makes one appreciate California more.

Would you say hello to Dr. Dotson for me. He was really the person most instrumental in making it possible for me to get into the Air Corps, and I have him to thank many times over.

From: Ensign Lynn Kemp, Postal Officer, at the U.S.N.T.S., San Diego, came the address of Lt. Chas. Perry DeLong, U.S.M.C., Quantico, Va.

From: Pfc. J. C. Torres (formerly known to us as Sef Murillo) 7th Signal Co., A. P. O. #7, U. S. Army, San Luis Obispo, Calif.

Dear Dr. Post: Indeed sir, it was a real pleasure to have received the Service Men's News Letter. I don't know what could have made me gladder than to know about the other Aztecs by way of the Service Men's Letter. A pleasure indeed to know that so many Aztecs have joined the service and are now doing their part. No one can say that San Diego State College is not doing its part.

I was at Fort Monmouth, Red Bank, New Jersey, for a period of three months. This is a signal corps specialist school. After leaving the signal corps school I have been in various places, mainly at Fort Ord, San Jose, Calif. and now in San Luis Obispo. I am expecting to leave soon for another destination. I find my work very interesting. No complaints. During my stay in San Jose, I happened to see Coach Charlie Smith and his crew of baseballers play and defeat San Jose State College. Was wishing all the time I could be playing but contented myself by merely rooting for my former teammates. I guess Charlie was glad enough to see me. Huh, Leo?

While at Fort Monmouth, I encountered Owen Asberry and Doug Jacks. Two former Staters, but of late I have not heard from either of them. I believe Russel Newberry, who was at Camp San Luis Obispo, is now in the Infantry Officer's Candidate School at Fort Benning, Georgia.

I can't tell you how grateful I am to have received the news letter. I know the civilians have a job to do and they are doing it wonderfully. I would like to extend best wishes to you and to my other instructors and I hope to be able to see you all again, soon. Best regards to Dean C. E. Peterson, Morrie Gross, Leo Calland and Charlie Smith.

From: Ensign Harry Miller, U.S.S. Ramapo, % Post Master, San Francisco

Dear Doc: (passed by censor) You have no idea how much it means to find the News Letter and some Aztecs when we come in.... of course they don't come regularly because the mail service is not quite up to par.... I am in the Supply Corps and enjoy the work very much... have applied for regular Navy and am pretty sure of getting it.... have traveled far, and have run into fellows from State every once in a while.... Giles Larabee is on the U.S.S. Concord. He is an Ensign in the Flying Corps. Ensign Jack Williams can be reached at the Submarine Base at Pearl Harbor. Wayne St. Morris is a Corporal now. I notice Bob Cleator was left off your list. He is in San Diego. Sheridan Gorton is a Lt. j.g. and is at the training field for aviation cadets at Long Beach. I can't throw much more stuff your way now but it sure does one's heart good to see how well some of the fellows are making out... Thanks and so long for a while.

From: Mrs. C. D. St. Morris came a letter with the address of: Pfc. Charles Wayne St. Morris, Box GG, Kekaha, Kauai, T. H.

We assume Mrs. St. Morris is Wayne's mother and this acknowledgment means that he is now on our mailing list. Thanks, Mrs. St. Morris.

From:

THE CO-COLLATER CO.

16 $\frac{1}{2}$ N. Ninth Street

Richmond, Virginia

June 10, 1942

7.

Dr. Lauren C. Post
State College
San Diego, Calif.

Dear Sir:

I read with much interest an article in the Christian Science Monitor of your news copy going to the armed forces.

I would like to have a little part in this so I am forwarding a fifteen section unit of our Co-Collater. We trust you will find this useful in gathering the sheets.

Yours very truly,

(signed) L. W. Evans

(Thanks for the Co-Collater which came last week. We are using it to advantage in assembling the News Letter and if I may speak for the men, I think that they are grateful for anything that helps get the Letter to them. L. C. P., Editor)

Joseph Couvrette is now a first lieutenant. He is instructing at Craig Field, Ala.

Lt. Arthur W. Tuttle writes from Cambridge, Mass., that he is studying electronics at Harvard. He is in the Signal Corps. He indicates quite strongly that he would like to be in San Diego again, or at least on the West Coast.

Pvt. Robert L. Walker is going through the mysteries of radio operation at Scott Field, Ill., where the Army Air trains operators and technicians for bombers. He likes the school and says that they offer a fine course. He sent me the address of Brad Moeser, who is now at Mather Field in California.

From: John (Jake) Duich----Hello Doc: Thanks, etc..... I like it here (U.S.N.T.S., Norfolk, Va.) I am working hard and am interested in the training....It's nice to know where the boys are--- Best wishes, Jake....

From: A/S Henry Holt, Sq. 12, A.C.R.T.C., Santa Ana, Calif.

(Henry Holt was in Hawaii on Dec. 7th and is now in the Army Air Corps at the above address. We are especially glad to hear from him as we have real soft spots in our hearts for the boys of the old 251st which we seem to want to call our own. I am sure that I speak for the many friends of our boys who have been away longest. L.C.P.)

I really appreciated my copy of the News Letter. The Aztecs seem to be pretty well scattered - even two in the A.V.G. It was swell to look over the list of names, many of which I had often wondered about. I was in the 251st C.A. for about 20 months in Hawaii along with McNulty, Harer, Finan, and Hammond. Finan's address is the same as Mac's. By the way, McNulty is the first Sgt. of "D" Battery.

Lots of the officers of the 251st are Aztecs, but they were a little before my time. I think the News Letters is a swell idea and I hope you can continue with it.

Sincerely, Henry Holt

From: Candidate Douglas Bothwell, Btry. "B" - A.A.A.S., O.C.D., Camp Davis, North Carolina

Dear Dr. Post: It was certainly a fine thing to have a Service Men's News letter and to get a chance to read an Aztec again. We have very little time here to either read or write letters, yet to hear of the activities of old friends and to read of their efforts in this big job we have to do, was a great boost to the old morale.

Camp Davis is an Officers' School for Anti-Aircraft Artillery and also has several specialist schools. Next to San Diego, Calif. the climate is the best in the world. Prior to coming here I was located at Camp Wallace, Texas.

It is most gratifying to feel the interest that State College has for her former students. You may rest assured that everyone of us will do his best to be worthy of the men and principles of our college.

From: A/C Gene Erdman, Moore Field, Mission, Texas

Dear Dr. Post: Just a line to tell you how much the fellows at Goodfellow Field enjoyed the News Letter..... We have all been transferred to advanced schools during the past week. Fred Smith went to Observation School at Brooks Field, Texas. Larry Burke to Multi-Engines at Lubbock, and Don Peck and myself are here for Pursuit Training at Moore Field. If you know any one looking for a hot, desolate place to live, send them down here. We are near the border and about 60 miles from the Gulf.... we are looking forward to the next issue...

From: Mrs. C. P. Skidmore came the address of Charles E. Skidmore, Bldg. 137, U.S.N.A.S., Corpus Christi, Texas. Thanks, Mrs. Skidmore.

From: Lt. J.J. LeGrand, Navigation School, Sqdn. 101, Turner Field, Albany, Ga. Letter to Coach Charlie Smith states that he, LeGrand, is instructing in Navigation and expects the silver bars soon. He wanted to thank whoever was sending him the Aztec for letting him in on the news, etc. etc. LeGrand was one of Charlie Smith's pitchers on the 1940 baseball squad.

From: J. A. Harlin, 1430 Fern St., San Diego.

..... I am sure Walter Harlin, a graduate of "State", would be glad to get the News Letter. His address is: Ensign Walter Harlin, U.S.S. Zeilier, % Post Master, San Francisco, California. Thanks, Mr. Harlin.

From: S. W. Chambers of Scripps Inst..... I am sending you the address of my son, 1st Lt. Stanley L. Chambers, 8th F. A. Battalion, A.P.O. 957, % Post Master, San Francisco, Calif. Thanks, Mr. Chambers.

From: Tom McGraw, HA 2/c, U.S. Naval Hospital, San Diego, Calif.

Dear Doc; Thanks... etc. etc. Although I am still in town I don't have much time to contact old friends or to find their service addresses. I correspond quite frequently with George Kimball who is in the Naval Air Corps at Corpus Christi -- doing quite well for George. Barney Newlee, another Omega Xi is next to me here at the hospital... Hope to be a student at State again as soon as we can slap a little hell out of some that need it.

From: Mrs. J. W. Wallace came a letter saying that Cpl. Williard Wallace enjoys 9. the "soldiers mail" and the Aztecs. He is busy but has time to write once a week. Has his application in for glider pilot training. Thanks, Mrs. Wallace.

From: Tom McGraw, HA 2/c, a change of address: Co.B., 2nd Medical Bn, 2nd Marine Div., F.M.F., Camp Elliott, Calif.

From: Sgt. Tech Alfred Rhodes, Co. A, 320 Eng. A.P.O. 95, Camp Swift, Texas, came this address.

From: Lt. Russell W. Newberry, 1st Tng. Bn, Fort McClellan, Ala.

Dear Dr. Post: Thanks, etc. The idea of printing the News Letter has no doubt proved to be a success by now if all the Aztec service men gain as much enjoyment from it as I did. I read my copy eagerly and searched for former classmates. I was particularly interested in the Frosh Football team. You might add to that list our old friend, Howard Kucera, who is with a repair unit at Pearl Harbor. I was amazed to learn that Bill Irwin is located at my back door down at Fort Benning, Ga.

It seems like years since I left San Diego on that cold January morning last year. I was at Ford Ord all last year and was named for O.T.S. in Feb. and spent three months down at Fort Benning. I was commissioned on May 22nd and assigned here for duty(censored--- You are welcome, Russ)

The future is uncertain. Officers are kept here only a short while and I expect to move by Sept. 1. After that it will be combat zone. Shall try to keep in touch with you. Best regards to all, Russell W. Newberry.

From: 1st Lt. Jack Berg, Mather Field, Calif.

Dear Dr. Post: First of all I would like to say that I get a kick out of the way you addressed your letter to me. My address was No. 5 Bombing and Gunnery School, Dafoe, Saskatchewan.... etc., etc. (Yes Jack, you really do have to hand it to those Canadian postmen. I guess Mr. Watson must have helped them.)

I attended State from the fall of 1939 till the winter of 1941. My purpose in leaving college was to add my two bits worth toward winning the war.....many things have happened since then and I don't think any of us who have left will see college again soon..

I served with the Royal Canadian Air Force for one year and two months. Three weeks ago all Americans serving in the R.A.F. and R.C.A.F. who wished to return to the U.S. Air Corps were given direct transfers from one to the other. I am now a first Lt. in the U.S. Army Air Corps and have been assigned to instruct in an advanced twin engine flying school. I imagine many of my friends on the campus will be surprised to hear of my good fortune.

There are several Aztecs here at Mather Field. I bumped into Frank Verdusco the other day and he was sporting a pair of flying wings and lt. bars.

Bob Quiet is around and will be commissioned soon.

Jack Frost and H.R. Brolt were here until a short while ago. I enjoyed reading the post (Is that Canadian influence or is that mine??) and would like to hear from you again. Sincerely, Jack Berg, 1st Lt.
