

MERRY

Christmas

and best wishes for

a Happy New Year

Lieutenant and Mrs. William Bruner

It's considerably warmer down by your
Border. We've been here since Nov. 1,
marvelling at the amount of rain
and number of "Christmas" trees.

I've been intending to write to you
for a long, long while, but the Navy
keeps moving us about so fast
that we never quite reach the letter-
writing stage. Be yours in sending
all the best to you both.

National Greeting—Detroit
