Dear Doc.

Just a note to thank you for the News Letter and to say "hello" to all my friends + fellow Aztecs who read this. I certainly enjoy hearing about them.

I'm still "trying to fly 'em" here at Corpus. Last week I learned that I had been accepted for transfer to the Marine. That really makes me feel O.K.!!

Bill Buelhman, (TDX) (I'm not sure of the spelling of his last name) is here at Corpus too. He's an A/c in the primary stage, and I don't believe his name is on the list.

Respectfully yours,

A/c Robert H. Anderson (TDX)
