

Hello Doc,

Just a quick note and please pardon the paper

I just received a letter from a former Aztec and he seemed to be pretty lonesome and in the dark about his class mates. I think a good dose of the news letter would be the perfect medicine

He is

mid'n C. N. Jackson U.S.N.R.
Marron Cove

Vallejo, Calif

To Calif. Maritime Academy

He was known as "Bud" and an Epsilon Eta around 1940+41.

He says he has been in training there for 16 months and will receive a commission December 18th

I'm here at the F.B.I. Academy now learning how to work, but hard.

Thanks Doc, I know your touch of state will be be greatly appreciated by Bud.

Sincerely
Jim Bunker.
