

SAN DIEGO STATE COLLEGE SERVICE MEN'S  
NEWS LETTER NO. 5

Edited by Dr. Lauren C. Post  
San Diego State College  
San Diego, California  
August 5, 1942

(The addresses of this Letter supplement those in No. 4. Only the promotions, changes, and additions appear in this Letter. See No. 4 for the 345 old addresses. Write for it if you didn't get it. Be sure to send in your own change or promotion.)

Dear Fellow Aztecs:

Doc Post asked me to write this letter for his fast growing publication, not because he thought I could write an inspiring message, but because I was fortunate enough to get to go on a trip in April which I am sure any of you would have given your next three months' pay to have been in on.

I've just had my first chance to take a look at the Aztec News Letter and it's really swell to get some of the news from the bunch. From the looks of the addresses, you are spread all over the globe and I suppose some of you have had some good licks in already. I just hope that all of you have the satisfaction of seeing the Axis' buildings topple and their ships and planes go down, because there is going to be a lot more of that going on pretty soon. Am I right?

Give 'em hell, fellas, and we'll all have Christmas dinner in Tokio.

Best of luck,

*Griffith Williams*  
1st. Lt. AAF.

To and from the Aztecs who are in the service and their friends:

Again we go to press with the News Letter. The foreign and censored mail has been coming in. Too bad the fellows can't all write what they would like to and even what they write is pared down just to be on the safe side.

We always like to have even a card as that gives us a check on the address. Send in your own as well as those of others that you may know. We want all changes in addresses as soon as possible. (See Letter No. 4 if your name is not in this one.)

Some copies of the News Letter will be available at the Bookstore.

Thanks, Aztecs, and keep the letters rolling.

L. C. P.

Excerpts from the talk made by 1st Lt. Griffith P. Williams on July 8, 1942 in the Little Theater

"We have all been given orders not to talk about anything that took place before or after the raid--- only what took place during the actual raid. What took place before and after is a 'military secret'.

"The whole flight was made at low elevation in order to escape detection. They had no idea we were coming. Our particular target was Kobe - not Tokyo. We arrived at Kobe at about 1:30<sup>PM</sup> their time and about an hour and a half after Tokyo had been bombed, but it seemed that the population was carrying on as usual. We dropped all our bombs before they did any firing at all.

"On our way to Kobe we had to cross about 50 miles of land. This was planted mostly in rice and the workers and a lot of people waved at us. After they discovered we were enemy planes the boys threw rocks at us and shook their fists at us-- that was the only opposition we had.

"Every ship was assigned a definite target. The kind of ammunition we had depended on the kind of target we were after. We carried incendiary bombs in our ship. We had reports that the fires we started were burning three days later. We bombed two aircraft factories and some warehouses. Probably six or eight aircraft factories were bombed in all. We were given instructions not to bomb the emperor's palace.

"Some warships fired on some of the planes after they left the land and were over the water. Some fighter planes took after us but we just pulled away from them without opening the throttle all the way.

"The planes were all manned on a volunteer basis. More men volunteered than could go. Sixteen planes started and sixteen planes came back.

"A lot of pictures were taken - both stills and movies. I have never seen them. They are in the hands of the Intelligence Office."

San Francisco

From: 1st Sgt. Wallace McNulty, Btry D, 31st C.A.(AA), A.P.O.913, c/o Postmaster/  
Dear Doc: (Passed by censor July 1, 1942)

They have us on a little island in the South Pacific. We had a swell trip over and naturally crossed the equator. We are all a bunch of hard shelled Shellbacks now.

This isn't such a bad place but they sure did have us snowed under when we first arrived. The English money system and all this driving on the wrong side of the road got us. In the trucks I forget that the wrong side of the road is the right side. And I know darned well the natives skinned us before we got onto their

their money and learned to argue them down. Now we get good prices.

3

They are a friendly bunch of people and like the Americans very much. They are somewhat primitive and live in swell grass huts. The outside isn't so much to look at but inside they are comfortable and clean. I made friends with one of the local chiefs and had dinner at his shack one night. During the course of the evening he gave me three of his villages and made me chief of another. He has his wife and daughters do all my laundry free, but I'm beginning to feel that I'd be better off doing my own. The women all go down to the river and beat the devil out of the clothes. (Then the little boys pick up the buttons.)

I have received two copies of the Aztec News Letter. Thanks. All the San Diego fellows got together and had all kinds of fun sweating it out and finding where old friends ended up.

I certainly wish that I could write you an uncensored letter. We could have a swell time exchanging photographs of our different locations. As it is now we can't even send personal photos home.

By the way, did you know my brother Ernie was graduated from flight school in Canada and qualified as pilot officer? After graduation he got a transfer to the American Air Corps and has three weeks training at an advanced school to prove himself--- then wings from our Army. Thanks again, and Aloha. Wally McAnulty

P.S. I especially enjoyed the remembrance of the "38" Frosh Squad. Really tough about Newsom, wasn't it? Sure glad to see so many of them getting commissions. Hope one of these days we all will.

P.P.S. Enter me as 1st. Sgt.--- for the benefit of Diamond and Newberry!!!

From: Major Anthony Long, 251st C.A.(AA) A.P.O.913, c/o Postmaster, San Francisco  
(Passed by censor)

This is just a short note from one of State's former students to inform you of the pleasure received by the many former students who are down here upon receipt of your publication and Aztec. Many of them failed to find their names listed but still it was a pleasure to groups of men gathered together, checking up on their former classmates. News of any sort is most welcome to us who are so many miles from home and our loved ones, so after reading the Aztec that Capt. G.M.Dawson loaned me I passed it on and it certainly made the rounds.

Most of this group has been away from the mainland for nearly two years and we are praying for the day when we will return. We went first to Hawaii, where we were baptized by the Japs on that fateful day (Dec.7th), and now we have moved on. It is impossible to single out any one student to comment on how he reacted under fire for, as true American boys, each one certainly did his part. S/Sgt.Childress, now on the mainland at Officers Training School, was decorated with the Purple Heart. There may have been others and if I have overlooked any I can only apologize for not knowing.

In our headquarters on the staff working together as a team are a number of ex-Staters: Captains James B. Willey, Boyd E. Thompson, Gordon Dawson, C.V.Fry, and yours truly. Many nights when we are whiling away the hours, we kid about our college days together.

I am fortunate that my brother, Capt. J.C.Long, is with me. His record is one that I am proud of, and he was commended personally for his outstanding ability and work accomplished in Oahu.

Censorship permits me very little latitude in what I may say so it is impossible for me to mention the number of officers and men who are here from State, but I am sure that State and the City of San Diego can be proud of the record "San Diego's Own" has made to date. Our motto or saying is - "When we march up Broadway in Tokyo!" Thanks again for the news to the boys and I trust more will be coming in the future.

Sincerely yours, Anthony Long, Major

P.S. Some of the boys said to inform you that---It's sure tough in a country where you can go two months without seeing a white woman. AL

From: Ensign Lynn Kemp, Postal Officer, U.S.N.T.S., San Diego

A new batch of addresses. Lynn is on the job and quite a few Aztecs are indebted to him for getting put on the mailing list. Thanks, Lynn. LCP

From: Lt.Clyde W.Snyder, 347th FA BN, Camp White, Oregon

I was commissioned at Fort Sill and am now at a brand new camp in southern Oregon.

From: Lt. William R. Leaf of "San Diego's Own" 251st C.A. Btry "C", A.P.O. 913 San Francisco 4.  
Bill had just received News Letter No. 1 and hastened to answer on June 27th, which was a couple of months after No. 1 was mailed. He says they have three pleasures in life down there: (Somewhere in the South Seas???)

1. Bareback riding, after which they eat from the mantle (if there is one)
2. Swimming (in among the sharks)
3. Getting mail (which is few and far between)

Bill would like to see some clippings from the S.D. papers--- he would like to hear from some of us and to quote him, he said: "Now let's have the rest of you start writing". Of course, Bill's letter was censored so he could say little, but he is the gunnery office in his battery and he likes his choice of service fine. Let's send Bill and the rest of them a few clippings via air mail and try to keep him posted as he has been away for quite a spell. L.C.P.

From: Robert Cleator, SK 3c, Commissary Store, 11th Naval District, S.D., Calif.  
To the Fighting Aztecs:

Hello Fellas!! Do you enjoy reading this thing as much as I do? It's growing by leaps and bounds and each issue has added names of old friends, their whereabouts, or at least a row of question marks, and what they are doing for Uncle Sam.

I am one of the few native sons left here among the jeeps, jalopies, and trailers from "Deep in the Heart of ????"

I saw Doc the other day and he is putting all he's got into the News Letter and he's very anxious to get a letter from you and you and you telling all about him and him and him and all the other Aztecs that you know of in the armed forces. See you when this mess is cleaned up. Bob

From: Harvey W. Hall, Jr., Lt. jg, U.S.S. Mississippi, c/o Fleet Post Office, S. F.  
(passed by censor)

Have received two copies of the News Letter and am mighty anxious to be remembered with future copies. To see so many State men in the service is amazing--and gratifying. I'll finish my second year in the navy next month and am looking forward to other years as eventful and happy as the first two. I have had duty in both oceans now but still prefer southern California. Recently heard that Dick Wheeler is in Alaska; Myron Hoerger is kicking his heels in the army somewhere in the east... Thanks again, Doc.

From: Dwight Putnam, Lt. jg, U.S.S. Thornton, Fleet Post Office, San Francisco, Cal.  
(Passed by censor)

.....It means a lot to read about the events and functions at home even if we can't attend.

I saw Courtney Kirkeeng the other day and his address has changed. He is now in the Personnel Office of Commander Service Force Pacific. If you get a chance, tell Doc Nasatir and Charlie Smith hello for me.

From: H. Billy Miller, Pvt., 24th Tech. Sch. Sq. (Sp.) Sec. C, Plat. 2, Fort Logan, Colo.  
.....the same refrain, news from home is WONDERFUL. I can help but little except to destroy some of those addresses that you have painstakingly collected....I am working my little tail off in the Administration School here but I'll be leaving the 22nd of July for parts unknown. Or I may remain here as an instructor until my number comes up for Officer's School in Miami Beach.

Bob Wade has finally left Sheppard Field (They actually had to break up the 410th Squadron to get him out.) and he is at the moment headed for some place in the Old South, Louisiana according to his own rumor.

Joimny Fox is somewhere in Fresno. He qualified for Weather Observer so I don't know what he is doing out there.

Cpl. Ed Reese is a scant 75 miles away from me at Colorado Springs but I'll have no opportunity to get in touch with him. His address is Cpl. Edward Reese, Camp Vet Det, Camp Carson, Colo. (I'm typing this in class---I'm ripe for the guardhouse anyway.)

And Sheldon Campbell told me to write to him at his home so I'll give you both

addresses: Sgt. Sheldon Campbell, 616th Sig. Plot. Co. A.W.Frontier, Camp Haan, Calif. and the other is 4277 Trias St., San Diego.

I'll write you again if and when I get settled--- you are doing a much needed job well... Regards, Bill

From: A/C Jim Leonard, Basic Flying School, Chico, Calif.

As the stationery indicates, Jack Jenkins and I are on the second rung of the ladder. We completed Primary two weeks ago.

... Our new instructor is Lt. Mack Hill whose name was in your "addresses wanted" column. After our talk this morning, I am sure he would appreciate getting the News Letter.

From: Lt. j.g. Glenn Holmes, U.S.S. West Virginia, c/o Postmaster, San Francisco (passed by censor)

.....I have been at my present station (???) for over a year and I can say that San Diego would look good to me.....wish I could see Dr. Peiffer who was always my best prof even back in high school days.....Whoever thought up the idea of a News Letter deserves a medal..... I am looking forward to the next issue. (Glenn's letter had been censored officially but I am omitting a part just to be safe. He gave us some of the addresses and promotions appearing in other places in the News Letter. Thanks Glenn, let us hear from you again. L.C.P.)

From: Ensign Daniel F. Fitzek, VP 51, c/o Postmaster, San Francisco, California (Passed by censor)

..... I even read the Aztec word for word from top to bottom, something I never did when I was a student at State,.....

Things have quieted down here some since the Battle of Midway. I would like to tell you about that battle but it is still confidential---at least the inside story is..... Ex-Stater, Ensign Daniel F. Fitzek.

(Dan wrote Omega Xi after his signature. I always interpret that as meaning that he would like to hear from the rest of the fellows. How about it??. L.C.P.)

Another address: Sgt. John Arbuckle, 313th School Squadron, A.C.Sheppard Field, Texas

From: Mrs. Evans: My son would be very glad to receive the News Letter. His address is Pfc. G. Stanley Evans, 604 Signal Co., Box 2158, Terminal Annex, Los Angeles, Cal.

From: R. N. Wier, Y3c, 4-J Division, U.S.N.A.S., San Diego, Calif.

I have the watch tonight so I thought I would drop you a line and let you know how things are going over here at North Island. I could stand on top of the tower and shout so you could hear me but it is the spirit of the thing that counts.

.....Here is the address of Dan Fitzek.... he has been doing some good work and I know that he would appreciate hearing from the old bunch...

From: Ensign George Lee, Naval Training School (Communications) Navy Armory, Los Angeles, Calif.

George says he has made ensign and he writes that even the girls (some of whom are Ex-Staters) enjoy the News Letter. They want to be put on our mailing list. He also gave us the address of Ensign Charles Wurr

11th Naval District (Communications) San Diego, Calif.

From: Lt. Morris H. Gross, U.S.N.R., 4065 Bancroft Hall, U.S.N.A., Annapolis, Md.

Morrie writes that: He will be there until about July 11--- then the destination is a deep dark secret--- any one of about 50 bases--- we hardly get time to get lonesome--- "My Day" is about this:

Get up at 6:15, breakfast at 6:45, muster at 7:45, after making bed and cleaning room; two hours of athletic activity and instruction; muster again at 10:05 for two hours of lecture, study, etc; lunch at 12:25; muster at 1:15 for boat drill, military science, rifle range, etc; 3:30 until 4:30, massed calisthenics; and athletic activity from 4:30 to 6:30. Dinner at 7, and 7:45 to 9:45 lecture, study, etc. Lights out at 10:05. "Little man has had a busy day!!!"

Best regards to you and any you see whom I may know, Cordially yours, Morrie

Another address: Pvt. Wm. Deeble, Co. B, 109th Inf. 28th Div., Camp Livingston, La. 6

From: Gabe Ferazzi, Squad. 12 1st Wing, S.A.A.A.B., Santa Ana, Calif.

.. ....it was sure swell to get out of Alabama---- I came through New Orleans and if the U.S. could train the mosquitoes for war duty we would have little to worry about. I guess it will be about four more months before we graduate as bombardiers---- I'd like to run into Jake Duich and Red Hallahan one of these days---- Well, Doc, give my regards to all the fellows---- Tell Doc Osborn this is the year we should have had our little wager on Boston---- Tell Poluzzi hello--

To: Lt.j.g. Claude Kishler, U.S.S. Pensacola, c/o Postmaster, San Francisco.

Again we have to apologize for having an address down incorrectly. Someone had told us Kishler was on the U.S.S.Ward. He asked for the News Letter after having received a clipping about it from the S.D.Union. He received his ensign's commission in Nov. 1940 and is now a j.g. He was a member of Delta Pi Beta fraternity. Why don't a few of you fellows surprise Claude by writing to him personally? -- L.C.P.

From: Pvt.Pedro C. Siguenza, U.S.M.C. Surgery III, U.S.Naval Hospital, San Diego  
Siguenza explained that he would like to get the News Letter if he is eligible to get it -- Yes, sir, he is eligible, being either an Aztec or a Marine is enough for our money, and best of luck to you Pedro! Be sure to let us know if you get transferred.  
-L.C.P.

From: Lt. j.g. Raymond C. Perry, Hollis #4, Naval Training School, Harvard University, Cambridge Mass.

"When you first sent me a News Letter I thought it was a good idea. Now I think it looks even better---- may I be in it? (He will be there until the end of August, and then let's have the new address.)

From: Ensign C. E. Swanson, U.S.N.R., Abbott Hall, Northwestern Univ., Chicago, Ill., came a letter saying (in substance):

Thanks--- three months of work condensed into a two-months' course--hard work but I like it--- Lt. O. R. Wahrenbrock and Lt. j.g. Snoddy both on this deck--- quite a coincidence to have three Aztecs in this company of Ivy Leaguers. "But the News Letter gives a personal touch to the Aztecs that is not enjoyed by any of the Ivy Leaguers. Doc, from your war experience you know the thrill that getting a letter from home brings. Well the News Letter is like a hundred letters from close friends and elsewhere....

Being in a position that bears hope of some 'doing' in a realistic way soon, I shall close and get back to work ... Yours for victory, Swanny."

From: Ira Lipscomb, Btry F-2, A.A.S., Camp Davis, N. C.

"The News Letter has the envy of my classmates."

From: Cpl. Edward A. Reese, Camp Vet Det, Camp Carson, Colo., came a long letter saying that he is a clerk on the cadre of the Veterinary Service of a new and growing camp. It is quite a job and will mean promotions in the future, etc., etc. He is only a few miles from Colorado Springs but the natives there still charge tourist prices. "They still think they are going to make money out of this war." He sent these addresses:

Pvt. Robert R. Falconer, D E M L Det, Camp Callan, Calif.

Pvt. H. Billy Miller, Squadron 24, Fort Logan, Colo.

From the Goodells came the address of their son:

Cpl. Lloyd C. Goodell, Hq. 1st Bn. 251st C.A. (AA)

A.P.O. 913, c/o Postmaster, San Francisco, Calif.

From: Frank Williams, 102 S R I Co., Presidio, San Francisco, Calif.

..... also received some clippings from the Union and the Tribune-Sun but they don't cover half of the news that I would like to get.

I also want to thank you for the addresses of the friends and fraternity brothers who are in the service. I had often wondered where they were and what became of them. Say hello to the Omega Xi's for me..congratulations upon winning the athletic award

again, etc., etc.

7

I am now connected with the Signal Radio Intelligence Co... very interesting work.. am stationed at the Presidio which everyone calls the Country Club. The reason for this is that we have a golf course, swimming pool, tennis courts, athletic field, and all of the comforts of home. We also have a library where I keep up with my history reading and radio. Tell Dean Peterson that I have been practicing with the javelin and have reached 196 feet 8 inches, but am still trying for 200.

From: Deane M. Plaister, C.B.M., U.S. Maritime Service, Room 101, Barracks, Government Island, Alameda, Calif.

Hello Aztecs: Like most everyone else who received the News Letter unexpectedly I was surprised and not a little pleased to have been remembered along with all the other Aztecs in the service. Need I say it was a great kick to find my brother Bob's name alongside of mine and a letter from him to boot in the same issue.

..... Keep up the good work and please give my regards to Dr. Cameron, Mr. Wright, Dr. Leonard, Moe and others...

This course I am taking is a four-months' course resulting in a second officer's license for those who finish successfully; we also receive ensign's commissions in the Naval Reserve which is only a formality as far as we are concerned because the Merchant Marine needs us badly to man the new ships which are rapidly being built.... (Did you see Pete Walker's picture in a recent issue of Liberty Mag? He was charging down the field just like he used to do...)

From: 2nd Lt. James E. Stacy, Hdqtrs. 20th Tng. Bn., Fort McClellan, Ala., came word that Lt. Russell Newberry had found him right there in Fort McClellan through a picture clipped from the San Diego Union that was sent to him. Quite a coincidence that two old buddies and roommates should meet after so much traveling and after having been in the same location for a time.

"You can imagine how surprised the other officers were when Russ and I started relating experiences of the San Diego Aztecs 2,850 miles from home "deep in the heart of Alabama ".

(Now that we have Jim's correct address, he will get the News Letter every time it appears. Sorry we had it wrong for a time. - L.C.P.)

From: A/C Kramer W. Rorig, Squadron D, A.F.B.F.S., Lemoore, Calif.

"I enjoy reading extracts from the letters sent in, especially those from the 251st C.A. (AA). I used to belong to that regiment and know quite a few of the fellows."

Address change: Capt. Wm. M. Frash, V M F 122---MAG 12, FMAW---FMF, c/o Postmaster, San Francisco. (And that means Marine Corps.)

From: Pvt. Shoji Nakadate, Med. Det. Sta. Hosp. Bks 4, Camp Grant, Ill.

A letter of thanks and appreciation.

From: D. A. Robertson, QM 2/c, U.S.S. Chicopee, c/o Postmaster, New York

Dear Dr. Post: (Passed by censor) July 3, 1942.

(Robertson had just received News Letter No. 1.)

I got a big bang out of finding news of a number of friends, and it was good to know the type of work they are doing and where they are.

As for me, I noticed that Bill Harshaw said that I was on a ship on the east coast. Right, I am on a tanker. (The name of the ship shows that. According to scuttlebutt, navy tankers are named for rivers running through oil bearing territory: Neches, Cuyama, Cimarron, etc.)

There are a surprising number of men from San Diego aboard, but I can't think of any besides myself who attended State. Richard Welsbacher is one fella here though who will be known to present Staters. He's an electrician's mate second. Then There's Jack Stephenson from Hocver High, ship's cook second.

Thanks again for the News Letter and if there's any service I can render, let me know. Don Robertson, QM 2c.

From: Ensign James J. Kinsella, Escort Scouting Squadron 12, U.S.N.A.S., Seattle 8

I appreciate very much your sending me the News Letter. It really is a good medium for spreading "the hollered word". of all the Aztecs who are now on a real warpath. I was away from Seattle on a temporary duty and consequently did not receive your second and third issues, but the fourth (the Jane Russell edition) did find me a bit eager for the home school dirt.

Since I finished training I have been going strong---have flown Grumman Wildcats (-----) and they have more horses than a Piper Cub. I have seen some pretty good duty and had some very enviable experiences that I would certainly like to divulge (at a much later time) to all your News Letter readers.

If there are any Tau Delts who are inclined to write, I certainly would like to hear from them, and they would be sure of getting answers. Keep up the Home Guards' morale, Doc, and I'll be down to San Diego again soon.

From: 1st Lt. Carroll H. Wight, 11th Pursuit Squadron, INT, A.P.O. 942, Seattle, Wash.

Dear Doc: Excuse the sudden reply but I was so pleased with the News Letter that I couldn't wait. Besides you wanted a reply and who am I to pass up the opportunity to talk about myself. It is sure swell to look at all those familiar names and see them teamed up with addresses that mean action.

Lt. Stanley A. Palmer's address is 68th Pursuit Squadron, A.P.O. 914, c/o Postmaster, San Francisco. He and I were classmates and roommates at Flying School..... (censored) speaking of third members I have a seven weeks' old daughter, Carol Ann, that I haven't seen yet. My wife, Dorothy L. Root, is staying with her grandparents in Temple, Texas.....

I've been out of flying school for about a year and a half and believe me, I love it. The navy is all right and so is army bombardment, but if you want to go any place or do anything, get in pursuit. My C.O. is the son of General Chennault--- a swell boss and an excellent pilot.....It will feel good to get into a pursuit ship again and fly with my "punchy" pals. Pass on my regards to the rest of the Staters with a little emphasis to Paul Pfaff and the Phi Lambs. See you all at the Victory Parade....

(Bud is going to have a chance to visit his little daughter way down in Texas-Ed)

From John Westland, LT. j.g., U.S.N.A.S., Pensacola, Florida

Hello Dr. Post: Your News Letter of June 18th came yesterday and needless to say I was very glad to read it. The last one you sent came on the day I was promoted to Lt. jg, and it was also the day that the president <sup>signed</sup> the new pay bill. It was quite a day...

I have just returned from Los Angeles where I picked up a plane for the Navy, but my time was so limited that I did not get to San Diego as I had planned. The coast has changed so much in the last two years that it is hard to recognize it.

Things are about the same here, flying all of the time and enjoying most of it. Dick Cormier is now in Miami and will probably be an ensign by this time. (Please send us Dick's new address and also notice of his promotion.-Ed.)

These letters are a great source of pleasure to me and if there is any way I can be of help please let me know. I'll be looking forward to the next issue...

John Westland

From: Annetta James, 510 National Ave., National City, Calif.

Dear Dr. Post: I have two brothers who did undergraduate work at State who are now associated with the military forces. Will you please add their names to your mailing list?

Dr. Robert Ernest James, U.S. Marine Hospital, Galveston, Texas

Capt. Albert W. James, 80th Bombardment Sqdn., Dover, Delaware

I know they would appreciate receiving your paper, Sincerely, Annetta James

From: Sgt. Jesse Osuna, Hq. Det. 69th Qm Bn, A.P.O. 309, Fort Lewis, Wash.

I just received a card from home requesting my address for the purpose of mailing me the News Letter. I am certainly gratified to hear that such a paper has been started. Would it be possible for you to send me some back issues?

(Yes, Jesse, I have just mailed you the last two issues. We are out of the others

From: Lambert A. Wight, AMM 1c, U.S.N., NRAB, Dallas, Texas.

(Lambert wrote a nice letter with a note about his brother, Carroll, and the address of E. A. Whited. He is helping to train future navy pilots down at Dallas where he thinks he will be for some time but he hopes to see the other Aztecs in a reunion some time. Ed.)

From: Charles Caston, A/C, Army Flying School, Roswell, New Mexico

As you can see by this letterhead, I am a bombardier. I'd like to tell a great deal about my work as I think that it is the most scientific part of flying but it's all very confidential. I'll graduate about Sept. 5th if I don't get laundered in the process. Met Bill Goodchild here yesterday. We had been living at the same post and neither knew the other was here.

From: A/C Richard N. Shoemaker, Thunderbird Field, Glendale, Arizona

A card giving his own address as well as those of two other Aztecs, 1st Lt. Jack McCreery and A/C McCulley. Ed.

From: Paul Casad, Bldg. 2, Room 313, U.S.N.T.S. College Station, Texas

A change of address and "The News Letter seems to have grown by leaps and bounds". ---Paul says that they keep them busy 15 hours a day with radio material and after three months they will get some advanced schooling. Ed.

From: Cpl. Willard Wallace, Co. E, 104th Med. Tng. Bn., Camp Robinson, Ark.

The first two editions of the "Soldiers Mail" certainly helped to fill in the spaces in my little red book... Quite a few Aztecs were here earlier but I was not fortunate enough to meet them.... Our training period is over and I expect to go out this time..... I have been training illiterates and non-linguists until I don't know how to write or talk myself.... At first it was a great experience but my, it has become a tragedy...

I used to look forward to Wednesday and Friday because that was when the Aztec came and I could read what was going on back in God's country. I hope this war will be over soon so I can get the Aztec again on Tuesday and Friday.

And this morning the Del Sud came... I hid out for two hours to look it over and reminisce.... It was the biggest thrill I've had in years.... I wish I could take it along but it will have to go back home. Thanks, etc., etc. Willard Wallace

From: Ensign Thomas R. Davies, R.R.Box 559, Chula Vista, Calif.

I have just received my commission and am waiting at the above address for orders to report at Harvard University for training in the Supply Corps. If there is anything that I can do to help with the publication of the News Letter while I am away, please feel free to call upon me. (Yes, keep us posted as to your address, write to us once in a while and give us the addresses of other Aztecs that you run across who are not already receiving the News Letter. Thanks, L.C.P.)

From: Mrs. Audrey E. McNulty, 4343 Menlo Ave., San Diego, Calif.

A nice note thanking us for sending Wally the News Letter. She wrote: "Wally writes: 'Mom, you never will know how much it has meant to me way out here in the South Pacific, to receive news of the boys back home'. He asked me to write and thank you in case his letter of appreciation had not reached you. The boys had quite an experience in crossing the equator. They are now old Shellbacks. Wally says being top sergeant, he really took a beating during the initiation. When reading this I thought how typical of our American youth, even in the midst of great danger, they could let themselves go and have a little fun, in upholding an old tradition of the Sea. I think it is a grand gesture you have undertaken on behalf of the boys from State and I am sure all mothers must appreciate it as much as I do. Sincerely yours, Audrey E. McNulty".

From: Armond Ault, BM 1c, Advance Destroyer Base One, c/o Postmaster,  
Pearl Harbor, T.H. (Passed by censor)

.....Believe me I get a great deal of enjoyment out of them. My former classmates and fraternity brothers are often on my mind and any news of them is most welcome.

How I would like to be lying out in the Quad waiting for football practice, or drowsing through one of your classes (the warm weather, of course). Speaking of geography, this island would really be ideal for field trips. I doubt that there would be much deep study on such a trip as the spring weather found here causes one's thoughts wander to lighter subjects, educational nevertheless.

It is too bad that so many of the old guard have left school to do more important things, but I know that they can sense the importance of every one doing his share, and I know that many of them will return to enjoy college life once more.....

From: Robert Bauder, A/C Cadet Regiment, USNAS, Corpus Christi, Texas

.....think it is a wonderful idea because fellows like myself are away from civilization (California) and get quite lonesome from time to time. Texas is just like Warren Brown described it, but it has been somewhat cooler although today is a hot one.

Honestly Doc, I hardly believed (when taking geography from you and Mrs. Storm) that people could live in such terrible conditions. Last Sunday I drove out to Arransas Pass to go swimming at their so-called beach. I saw the houses that the cotton pickers live in. Gosh, a person is really fortunate to live in California.

Saw George Kimball in town about a month ago. Guess he is in Advanced now. I am in Basic and will go into instruments in about two weeks. I surely think one gets a real education here; in fact, they teach us everything. The only trouble is that one never has enough time to study it all.

Jim P. Parks, Milky Phelps, Bob Nuttman are around. Then there is Dan Lippincott who went to San Diego Hi and Berkeley. Oh yes, I saw Clair Berdel Saturday and he is about through Basic. All these fellows may be reached by the standard address here

From: Lt. jg C.A. Boyer, U.S.S. Northampton, c/o Postmaster, San Francisco, Calif.  
(Passed by censor)

..... Through it I have found what a number of my friends are doing. It has been some time since I left the campus and in that space of years many friendships that should have been kept alive have been allowed to die.

My work is very interesting and constructive. I am an engineer officer and am learning something that will be of great value in later years I am sure. Learning to handle men and to work with them is also invaluable.

It would be very interesting to tell you about my travels and what I have seen since entering the service, but that is impossible. For the time being it will have to wait. However, when the story can be told I hope to be able to add my few words.

I suppose the campus has changed a great deal. I left there in Feb. 1937 just before the new construction was started. Am ashamed to say that I have been back only twice, but I have memories of the college, profs, and the others that can never be taken from me.

Here is another address for you, Ensign Frank Ferguson, V 5 3 Ford Island, Pearl Harbor, T. H.

From: Ben L. Slavin, C.Sp.Co. Commander, 4th Regt. 23rd Batt., USNTS, Great Lakes, Ill.

.....I've already written to some of the men I knew in college, but whom I had lost track of until the News Letter came.....my duty here is to mold the green navy recruits into a unit of our fighting forces...

From: Cpl. John F. Roche, 339th Air Base Sqdn., 313th AIR Base Gp., A.P.O. 964,  
c/o Postmaster, San Francisco, Calif. (passed by censor)

Came a nice little note saying that he was greatly pleased to know that Jane Russell was now an Aztec, etc., etc. (censored by second censor)...Give Jane Russell my love and thanks for the News Letter. Sincerely, John F. Roche

From: 1st Lt. Ben L. Parker, 42nd Transport Sq. A.P.O. 942, c/o Postmaster, Seattle, Washington. (Passed by censor)

I cannot state how happy I was to receive the News Letter. It brought back so many cherished memories and answered so many questions about my former college mates. It is impossible to express the help and spirit of friendliness it gives to those of us who are on foreign duty. There are so many things about them and the goings on at State that are so impossible to have answered in these out of the way places.

I was deeply grateful to learn of the whereabouts of Ensign Robert Wilbur and Lt. Jack Hayes. Because of the rapid transfers in the Armed Forces we soon lose track of each other. I ran into Lt. Jim McColl, the football player, at the Sacramento Air Depot in March on one of my trips to the States. He was flying transports and doing a great job of it. Last year on the way back from the Philippines I saw Lloyd Grant and a number of the boys from State with the National Guard. So far they are the only Staters that I have run into. I would appreciate it if you would give me the address of Lt. Orlando Huffman.

(It is Capt. Orlando Huffman, Bombardier School, Midland, Texas. L.C.P.)

As for myself, I find the Army a great and interesting experience. I flew Pursuit almost a year and then was transferred to Transport work. Of all the types of flying I have done, I find this work the most interesting--nothing stops the transports, bad weather, difficult terrain, hazards of enemy action. Due to the strict censorship that our mail is subjected to, I am afraid this is all that can be said. If there is any way in which I may be of help to the News Letter please do not hesitate to let me know. I should like to feel that I am contributing in some small way to the great work you are doing--that of bringing home close to men who have very little---

Please give my regards to the faculty--sorry to hear that Dr. Dotson is leaving for he was instrumental in getting me into the Army Air Force. Am looking forward with anticipation to your next issue of the News Letter.

---

Add: Miss Joyce Cunningham, WAAC, Fort Des Moines, Iowa

Miss Cunningham and Miss Pease, who is at the same address, are our only women Aztec representatives in the army so far. They both will receive the News Letter.

---

There wasn't any summer session edition as we had thought there would be. LCP

---

We would like to hear from some of these some time:

Phil Thacher	Joe Kurtz	Hilbert Crossthwaite
Chas. Alexander	Jack Biery	Fred Smith
George Prodanovich	Bob Harer	Wilfred Clare
Emmett Fowler	Dick Cormier	Jack Fitzgerald
Jim McColl	Jack Kelley	Robert Jennings
Ed Overend	Stan Conant	George Piburn
T. S. Walker	Dick Webb	

and a lot of others.

How about it?

LCP

These addresses were not in News Letter No. 4. They are new or they indicate corrections in spelling, transfers, or promotions. See News Letter No. 4 for the 345 unchanged addresses. Be sure to send in any changes, additions or promotions. We like to hear of the promotions as much as you do.
