

Christmas

Greetings

and

Best Wishes

for the

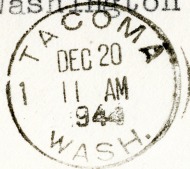

New Year

Dear Dr. Adams -

Just a line at Xmas
time. From here in my
safe haven in Washington
I get letters from the other
fellows all over the world.
Reread John Orent's last letter
the other night. We have
an agreement whereby we are
to enter your post-war course
in Advance Camp and turn
in so much written work
that you will beg us to
cut down on output.

Sincerely
Connie & Warren Kolson
