Shown here (left to right) is the familiar Aztec literary trio of Bob Wade, Gloria Winke Wade and H. Billy Miller. Turn to Mabel Grant Hazard's "Alum-Luminaries" on Page 4 for an interesting history of their literary activities leading up to this month's publication of "Deadly Weapon," a mystery novel by Bob and Billy under the pseudonym of "Wade Miller." Photo was made "on location" recently while filming scenes from the book. The dog? That's Toni. (George Booher photo.)

## Alumni Nominating Committee Appointed In Preparation for Elections This Fall

Appointment of a nominating committee to begin preparations for the annual election of officers of the Alumni Association in October was one of the main items of business accomplished at the Board of Directors' meeting held July 23 at the home of **Mrs. William E. Self**, president.

Selected by the president for the five-man committee were **Jean Pittman**, who will act as chairman; **Robert Halley**, **Charles T. Byrne**, **Barney Carman** and **Barbara Wright Ottwell**.

The committee will canvass the eligible membership (paid up members) and prepare a list of nominees for the

offices of president, first and second vice-presidents and secretary, and 10 members of the Board of Directors. (One-half of the present Board remains in office for another year.)

In addition, any eligible member may become a candidate for any elective office by presenting a petition signed by 25 members of the Association in good standing. Petitions must be in the office of the Executive Secretary by the end of the third week in September.

Names of all nominees will be published in the October issue of *The Alumni News*, and one week later ballots will be mailed to all members

# Here's How the Alumni Association Grows

Here's a case history illustrating how the Alumni Association grows:

Early in June **Audree Benner**, who is with the research department of Technicolor Motion Picture Corp., Hollywood, addressed a short note to the "Alumni President," requesting the date for Homecoming. "I have not paid a visit to State for some time and I would like to make a visit during Homecoming week," she wrote.

The Executive Secretary answered, giving the Homecoming date (Nov. 2), and also forwarded several back copies of The Aztec Alumni News.

Immediately this answer came back from Miss Benner:

"This morning I received a very welcome envelope—the last three issues of The Aztec Alumni News. I didn't know or even dream the Alumni Association was so active, but it certainly is grand to know it is growing. Before the month is over I plan to send in my membership and probably my brother's.

"I suppose the Alumni News is always glad to receive news pertaining to the activities and whereabouts of the alumni, so I have a few items that may interest you.

"**Bob Benner**, my brother, who is now the Senior president at Univ. of California at Berkeley (and a former Aztec), is spending his vacation working for United Air Lines in Santa Catalina Island. Before he began working the company gave him a week's paid vacation, and every week end he flies gratis over to the mainland!

"**Earl Cantos**, who also is working here in Hollywood, and I have several mutual friends, but not until this morning did I know he also was a State alumnus; I read his comment in The News. Rather a coincidence!

"**Gloria Phillips**, of Phi Sigma Nu, who was married to **Kramer (Bud) Rorig**, a former Aztec killed overseas, married **Lt. James Walters** last year in San Diego and they are expecting a baby soon.

"Thank you again for sending me the News. . . .

"Sincerely,  
**"Audree Benner."**

## Crossroads Report From Kwajelein

From Kwajelein atoll, where the now famous B-29 "Dave's Dream" took off with the first atomic bomb dropped at Bikini, The Aztec Alumni News has received an interesting letter from **Pfc. Edgar A. Millsberg**, describing activities on A-Day. The printed letterhead was a reproduction of the mushroom cloud effect caused by the atom bomb.

In the belief that it is a matter of general interest, The Aztec Alumni News herewith prints Millsberg's eyewitness account from Kwajelein in full:

"At 0100, we were awakened by the CO, and told to get up, eat and be at the baseball diamond across the street from group headquarters at the southeast end of the atoll with our panchos and canteens at 0300. We also could take our bathing suits, if we wanted. As we assembled at the baseball diamond, we were loaded into trucks and taken to the north end of the atoll. The reason for this was that if by some means the bomb exploded before the takeoff of the bomber, we would be out of the zone of radio activity.

"All of the men, except for skeleton crews, were at the evacuation area by 0415. Most of us went to sleep on the beach until it was light enough to go in swimming or play ball or cards, etc. Some went to the Red Cross canteen and had coffee and donuts, while still others played records over the radio.

"The men on the beach, although having it start to rain twice during the night and also having to listen to hill-billy music coming over the loudspeaker, had no trouble getting to sleep. Around 0600, we were awakened by the sound of the bombers taking off enroute to their target—Bikini.

"As the clock neared 0830, we heard over the broadcasting system that the bombers were nearing their target. We all stopped what we were doing and listened. The bomb was dropped at 0900 Island time, July 1, or 1400 Pacific Standard time, June 30. As we stood listening to the results being broadcast over the loudspeaker, we looked to the north and saw a white cloud rising from the horizon. We knew right away that it was the mushroom cloud caused by the atom bomb 260 miles away. The cloud was said to have reached an altitude of 50,000 feet.

"About half an hour after the bomb was dropped, we were returned to the baseball diamond by trucks and went to work. At 1200 we were given the rest of the day off to catch up on our

sleep. That is all that happened on Able Day, and now in nine more days (from July 16) we will have the second test, better known as "Baker Day." Immediately after "B-Day" the majority of the Crossroads personnel will board the ship "George Clymer," and get ready to sail for the good old U. S. A. I have only been overseas five months, but it seems a lot longer."

## Sigma Alpha Iota Publicizes College

San Diego State College will receive national recognition and publicity when it is featured in the next issue of PAN PIPES, quarterly publication of Sigma Alpha Iota, national professional fraternity for women.

This will come as a result of the San Diego State chapter, Iota Delta, winning the national achievement award as the best functioning chapter in the United States for the 1945-46 year. The next issue of PAN PIPES will feature Iota Delta chapter and will include photographs of State College.

**Miss Christine Springston**, associate professor of music, is president of Delta Province, consisting of California, Arizona, New Mexico and Nevada, and **Diana Quint** was president of the State College chapter during the period for which it won the achievement award.

Activities which helped to gain recognition for Iota Delta chapter included acting as hostess chapter to the Delta Province parley at the U. S. Grant Hotel here in February, promoting public musicals, raising money for the international music fund, and pursuing regular fraternity work with vigor.

Homecomings can be pretty gruesome if nobody "comes home." You members of the class of '36 from San Diego

Mabel Grant Hazard

High School (yes, it has been ten years) are asked to come to the Gray Castle Nov. 8, and this is written in the hope that you 36ers will want to turn out en masse. This reporter is supposed to organize some sort of get-together, so here's hoping that some of you will want to contribute to the day's event, or at least be there.

Of the class of 700, at least 200 of you went to State, and were among some of the most prominent students to leave those portals. How about a skit written by **Sol Schultz**, a song sung by **Eleanor (Morrison) Steddum**, some art work by **Jimmy Clark**, football passes from **Hilbert Crosthwaite**, press contributions from **Margaret Hildreth**, basketball exhibition by **Eddie Preisler**, music and football from **Herman Baecht**, photography by **Ernie Boldrick**, art by **Betty (Carringer) Seaver**, polo by **Gale Medlicott**, physics demonstration by **Francis Millican**, swimming exhibit by **Rod Steddum**, editorials by **George (Killer) Ellis**, music by **Ray Kalanquin**, golf by **Jim Kelley** . . . to mention some of the talent of that great class.

We won't forget those who can't be there . . . **Paul (Stumpy) Fern**, **Ed Davis**, **Mary Esther (Caldwell) Kahn**, **Alice Bramble** . . .

And to mention some others who should come to the reunion . . . **Shen Yo Frances Allen**, **Shen Yo Violet (Baker) Sweet**, **Helen Conkle**, **Chi Theta Virginia (Franklin) Landon**, **Tau Zeta Rho Irma (Harriett) Corwin**, **Phi Kappa Gamma Estelle Lindsley**, **Epsilon Eta Alan Houser**, **Eta Omega Delta Jack Hoxey**, **Mary Jane King**, **Betty McAuliff**, **Epsilon Eta Ed McCarty**, **Lewis Major**, **Kappa Phi Sig Jimmy North**, **Chi Theta Anne (Phillips) Howe**, **Epsilon Eta James Rainey**, **Barbara Requa**, **Chi Theta Detty June Conyers**, **Tau Zeta Rho Fleurette (Tyers) Smith**, **artist Virginia Bell**, **Dick Boucher**, **Who's Who Norma (Boldman) Pyle**, **Julia Bowman**, **Chi Theta Bettie Carr**, **Phi Sigma Nu Earleen (Matthews) Peterson**, **Eta Omega Delta Harry Miller**, **Shen Yo Catherine (Nelson) David**, **Phi Sigma Nu Pat (Pinkley) Buehlman**, **Kappa Theta Pat Ravet**, **Phi Lambda Xi Laurence Scott**, **Phi Sigma Nu Virginia (Seifert) Goldie**, **Kappa Theta Nadine (Smith) Thacher**, **Jack Snyder**, **Phi Lambda Xi Bill Sommer**, **Shen Yo**

A column can't do justice to Wade and Miller—it would take an entire volume to include the charm of the 26-year-old boys themselves and their doings since those first inseparable days at Wilson Junior High when they produced their first collaborative effort, a burlesque cops-and-robbers drama.

Days at Hoover high were spent editing all the usual things.

They entered State in the fall of '38, joined Sigma Lambda, immediately gravitated to campus publications, eventually edited El Palenque, the handbook, and the Aztec, ended up in Blue Key and National Collegiate Who's Who.

Those who were lucky were invited to view their dramatic efforts, all written in collaboration, usually starring the boys, and paid for by week-ends working at chain stores. They won the One-Act Play Tourney with "Number 77," and invited more friends to see their "Honor Among Thieves," starring themselves, **Barbara Wright**, and **Shirley** and **Patsy Hubbard**. "Going Crooked" had the "Thieves" cast, plus **Carroll Wright**, **Gordon Cleator** and **Leon Carver**.

Filming of "Beau Geste," using Paramount's Fort Zinderneuf used in Gary Cooper's vehicle, began in '39, and campus patrons enjoyed the finished product in the spring of '40. Following Paramount's demand that they show the film only three times, then hide it, the boys came out with a \$200 loss for their efforts.

Another win in the One-Act Play Tourney—this time starred **Gloria Winke**, **Barbara Wright** and **Sheldon Campbell**.

Spare moments in summer of '40 were spent writing half-hour radio plays for the Don Lee Workshop, followed by a 13-week series called the Don Lee School of the Air for the network, dealing with South America.

To **Ned Kimball** and **Mrs. Kimball**, a son, **David Anthony**, born April 30, 1946, in New York City.

Another cup, their third, for the One-Act Play Tourney. This time **Gloria Winke**, **Sheldon Campbell** and **Jim Lowell** starred.

By the end of summer '41, filming had been completed on "King Congo," a feature-length burlesque of all jungle movies, cast in Mission Valley. The boys' effort was shown three nights, with a rented spotlight sweeping the sky at the premiere, just before Pearl Harbor, when the blackout halted all

shows. "Congo" cost \$1,000, was a \$10 loss—the cost of the spotlight.

After three and a half years of electives, mostly journalism and drama, Wade and Miller left campus to edit the East San Diego Press, then the largest circulating weekly in town.

Spring of '42 both entered army air force, but soon were separated for rest of war. Bob became public relations non-com, spent two and a half years seeing England, North African invasion, Sardinia, Italy, Southern France invasion, and Corsica. Bill spent the entire war sergeant majoring at the Santa Ana Air Base, 90 miles from home.

Bob came back in February '45 to marry **Gloria Winke**. Bill was best man.

V-J Day Bill left Santa Ana for Manila, where he became personnel sergeant major of the Fifth Air Service Aera Command.

A three-act play outline, left over from '40, had been discussed by V-Mail while Bob was in Africa. Now Bill wrote the first draft of a novel based on their 1940 idea, sent it home to Bob, and followed immediately himself in February '46, for discharge. He found that Bob had rewritten the novel, now named "Deadly Weapon," had secured an agent, who had sold it to a publisher. The same week their radio show, "Gloria Winke's San Diego Scrapbook," was bought by Marston's.

a ginger-bread mansion designed in 1899 by Stanford White for Henry Putnam, inventor of the safety piin. There they work eight hours a day on their third and fourth mysteries. The second, "Guilty Bystander," was completed last month, will appear first of '47.

What always puzzled this columnist was how the boys worked so smoothly together. . . . They discuss an idea for any length of time ranging from a month to five years. Finally, one writes a rough draft. The other tears it to bits and revises. They then read it aloud to Gloria and **Enid Edwards**, Bill's fiancée. A third rewrite incorporating the girls' reactions usually satisfies the authors.

Another thing that has been a puzzle is what the H. in Billy's name stands for, but he still won't tell. It may be **Hepzibah**.

# News of Aztecs In the Service . . . . . Or Mustered Out . . . . .

• Report From Overseas

Cpl. Francis M. Worcester '37, who is with the only Marine detachment left in Japan, wrote from Yokosuka, Honshu, on some handkerchief-sized material that appeared to be rice paper. He has an interesting job as radio chief of the communications section of the Marine detachment, which somewhat compensates for the fact that he and 23 others were pulled back after once being assigned to the 2nd Marine Division to be sent home. They were at an embarkation point for two weeks—then suddenly were recalled.

Worcester will have 24 months to his overseas credit on Dec. 27, and expects to be sent home at that time. He asked to be remembered to Bill Koller, Alumni membership chairman, with the message that his Alumni dues would be following soon.

\* \* \* \*

Lt. Edwin G. Swann, who reported in from Clark Field, Luzon, with a lengthy letter last month, wrote again and enclosed his Alumni dues. He wrote July 3 and was looking forward with anticipation to the celebration the following day which was to accompany achievement of independence by the Philippine Islands. Ed is still doing control tower work at Clark Field.

\* \* \* \*

The Aztec Alumni chapter on Luzon is gradually being reduced. Lt. Bill Self came home in June, and soon afterwards Lt. John (Corny) Swift wrote from Manila requesting that the Alumni News be sent to his home in Chula Vista, since he was leaving for the States in a few days. So far he hasn't reported from this end. He is undoubtedly one of the last of the famous "Original 38" ERC's to get home.

\* \* \* \*

When last heard from on Manus Island, in the Admiralty group, S. T. Browne, Jr., Y3/c, was anxiously awaiting a transport which he hoped would get him home early in July for discharge. (If it did, he hasn't reported in yet.) At the time he wrote, Ted said there were more than 1000 men at Seeadler harbor awaiting transportation to the States, and that there hadn't been a transport in for a month.

He was unable to locate any other Aztecs on Manus, but did find three other San Diegans, Robert Earl Lewis,

EM2/c; Henry Milton Brun, Jr., EM2/c, and a warrant officer, Chief Pharmacist Barnett, attached to the malaria control unit.

\* \* \* \*

Walter G. Albrecht has recently been promoted to Commander, and also has a new address: 31st Mil. Gov. Hq. & Hq. Co., APO 317, c/o PM, San Francisco.

\* \* \* \*

• Still in Uniform

Forty-two army officers from San Diego and area recently were nominated for permanent commissions by President Truman, and among them were 15 Aztecs. In most cases, the permanent commissions represented a drop of several grades in rank.

Aztecs nominated for permanent commissions and their new ranks: Capt. William D. Stenhouse, A.C.; 1st Lt. Jack W. Hayes, Jr., A.C.; 1st Lt. Robert E. Goodbody, A.C.; 1st Lt. Owen F. Clarke, A.C.; 2nd Lt. James R. Lowell, A.C.; 1st Lt. John E. Fitzgerald, Jr., A.C.; 1st Lt. George Prodanovich, A.C.; 1st Lt. Ben L. Parker, A.C. Capt. Seymour W. Wurfel, J.A.G.; 2nd Lt. George E. Maillot, A.C.; 1st Lt. Arthur E. Brindley, C.A.C.; 1st Lt. Theodore H. Runyon, A.C.; 1st Lt. Richard F. Kenney, A.C.; 1st Lt. Albert W. James, A.C.; 2nd Lt. Malcolm C. Frazee, A.C.

\* \* \* \*

Lou Berne Rayner Maxwell sent in family membership dues for herself and Lt. Comdr. Bruce K. Maxwell from San Francisco and added the following note:

"At present my husband is still in the service, but we expect to return to San Diego this fall and hope to find a place to live and enjoy the activities of the Alumni group."

Lou Berne will be remembered for playing the lead in the Glee club's presentation of Victor Herbert's "Serenade" in 1928. Bruce was a basketball, football and track letterman, as well as president of the Class of '25, and later coached outstanding basketball teams at Hoover High.

\* \* \* \*

Lt. Col. Donovan Ault is home after five and a half years service in the army and is preparing to go on inactive duty Aug. 12. His last assignment was as commander of the Counter Intelligence Corps detachment out of Gen. Eisenhower's headquarters at Frankfort, Germany. He will take advantage of a long terminal leave, then plans to return to a position with General Motors.

\* \* \* \*

Capt. Gordon Gershon is now at New York University taking a course in guided missiles, this being a part of his army assignment on research work.

\* \* \* \*

Lt. (jg) Edwin F. Barker, Jr., '42, recently detached from the carrier Wasp after two years aboard, is now in the regular Navy and is taking a post-graduate course at the Naval Academy.

1st Lt. William A. Meyer, USMCR, has returned from overseas and is now at the Marine Air Station, El Toro, Calif.

\* \* \*

Frank J. Losey—remember that famous band of his?—has been promoted to Lt. Comdr. and is at the Bethesda, Md., Naval Hospital instructing in dental work. Lt. Richard Conant is there too.

\* \* \*

Pvt. Russell L. Palmer, recently drafted into the army, is at Ft. McClellan, Ala., taking infantry training.

\* \* \*

Maj. Edgar L. Tidwell, who attended State in 1939, and Mrs. Tidwell, the former Frances Shimp '38, have joined the steadily growing group of paid up Alumni members in the Los Angeles area. They are at 4332 Laurel Canyon Blvd., North Hollywood.

\* \* \*

Lt. Comdr. M. H. (Morrie) Gross, former State College Director of Athletics and basketball coach, has recently been transferred from the Navy's Pre-Flight school at St. Mary's to take command of the athletic department at the Naval Air Technical Training Center, Memphis, Tenn.

\* \* \* \*

• Back to Civilian Ranks

William Z. Brock '37, who was promoted to Lieutenant (jg) shortly before his release from the Navy in April, is back in civilian employment as a research chemist with the American Potash and Chemical Corp., Trona, Calif. His last Navy duty was as communications officer aboard the U.S.S. Plunkett (DD 431) at Charleston, S. C.

Bill arrived home just in time to welcome his second son at the hospital. Mrs. Brock (Marjorie Baecht, Ex-'42) and the children soon will join Bill on the desert at Trona, where the boys should get plenty of suntan. You bet—they hold a family membership in the Alumni Association.

# News and Activities of Alumni . . . . .

The Alumni Association now has its Life Member No. 4—**Lloyd C. Goodell**, of Rt. No. 2, Box 823-A, El Cajon, Calif. He transferred his yearly membership into a lifetime one, has his gold-faced, plastic-sealed life membership card—and won't have to bother with yearly dues any more.

Forty dollars of his \$50 life membership will go into the Life Trust Fund, earnings of which will be used to provide scholarships and other such worthwhile projects as the Board of Directors may decide upon.

\* \* \* \*

Incidentally, Goodell sent in a money order for \$50, although he had previously paid a \$5.00 yearly membership—which brings up a point that perhaps has not been made clear to Alumni members. In paying for life memberships, members should deduct the amount of regular dues already paid, providing dues have not been allowed to lapse.

Section 4 of Article IV of the By-Laws of the Alumni Association reads as follows:

**"Regular dues paid consecutively for a period of five years or less may be applied on a life membership to reduce the balance to not less than twenty-five dollars (\$25.00) for a first life membership and to not less than fifteen dollars (\$15.00) for a second life membership."**

\* \* \* \*

A large number of Aztecs who hold principalships or other administrative positions in the San Diego city school system have figured in the news recently:

**Albert J. Churchman '37**, former Aztec football and baseball star and "best all-around athlete," who became an elementary principal, received his Master's degree in Education from Stanford in June and has been named assistant business manager.

**William J. Lyons '31**, who was vice-principal at San Diego High, was appointed assistant to the superintendent

and secretary of the school board.

**Lawrence Carr '29** succeeds Lyons as vice-principal at San Diego High and also becomes Dean of the San Diego Junior College, which has been moved to the Hilltop campus.

Secondary principal assignments include **Mrs. Mary R. Maul '28**, vice-principal at Pt. Loma High; **Dr. Earl P. Andreen**, principal at Roosevelt Junior High; **Mrs. Mary McMullen**, vice-principal at the Vocational school; **Percy T. Allen**, vice-principal at Memorial Junior High.

In the elementary schools, Aztecs appointed or reappointed as principals include **Denver C. Fox**, Azure Vista; **William F. McClintock**, Barnard; **Daniel Dawson**, Cabrillo; **Constance Jenkins**, Chollas; **Harlan L. Wilson**, Dewey; **Terence B. Geddis**, Edison; **George E. Nagel**, Encanto; **Russell Alkire**, Midway; **Norris Howe**, Ocean View; **Joseph C. Robinson**, Pacific Beach; **Nathan Naiman**, Stockton; **Wayne Fry**, Washington.

\* \* \* \*

**Nathan Naiman** received a scholarship to the summer intercultural education workshop at the University of California.

\* \* \* \*

**James E. Stubbs '38**, who was returned to inactive duty as a lieutenant commander in the Naval Reserve after one of the longest tours of active duty of any Aztec—six years, including two years overseas—is now co-owner of a bowling alley in La Jolla.

**Dr. Walter R. Hepner, Jr.**, home from Honolulu and recently released from the Navy, has taken his family to Chicago, where he has a residency in pediatrics at the University of Chicago medical center. Dr. and Mrs. Hepner are living at 4822 Kenwood, Chicago, 15, where their daughter, **Susan**, will celebrate her first birthday anniversary Sept. 15.

\* \* \* \*

**Minnie Daniel** didn't go to State College, but she has many Aztec friends, particularly in the Class of '42, and she is an "Honorary Aztec" through her support of the Aztec News Letter and the Alumni News. She is now at Fernhurst, King and Alapai Streets, Honolulu, and is anxious to meet all Aztecs passing through the Islands.

\* \* \* \*

**Virginia Belmont**, former Aztec who was active in San Diego community theater productions, had a featured role in the original play, "Mary Had a Little—," recently produced at Russ auditorium.

## AZTECS IN LIGHT OPERA

The smell of grease paint is seldom absent from one large and adventurous group of Aztecs this summer. They are the present and former Staters, some 20 in number, who form part of the group of 70 who are busy making the San Diego Civic Light Opera Association a reality. The company is already well into its second show, "The Chocolate Soldier," after a successful 15-performance run of "The Mikado."

Charles Cannon, versatile comedy star, not only directs the chorus but has the role of Col. Popoff in "The Chocolate Soldier" and Sir Joseph Porter in "H.M.S. Pinafore," which will be the company's third attraction. Julius Leib, from the college faculty, is the conductor.

Among feminine stars are Phyllis Barker Burns, remembered for her roles in "The Desert Song" and other operettas at State, and who is sharing honors in leading soprano parts. When Nadina is singing the lilting Oscar

Straus melodies of "The Chocolate Soldier," the chances are that she is Valeria Post, well known to present and former Aztecs.

Seen some nights in the title role of "The Soldier" is Sheldon Brockett, remembered by Aztecs for his singing in "Robin Hood" in the '30's. Consuelo Alden and Marie Moneen have featured roles as Aurelia and Mascha, respectively.

State is represented in the chorus or in various other connections with the show by Sterling Jensen, Howard Hill, Charles Miller, Alice Mae Sharpe, Margaret Bock, Jerry Sullivan, Larry Peterson, Laurabelle Law Peterson and Alan Richardson.
